Muay Thai Counter Techniques: Competitive Skills and Tactics for Success Christoph Delp

This thoroughly revised edition of *Muay Thai: Advanced Thai Boxing Techniques* teaches intermediate Muay Thai fighters how to counter a wide range of opponents' attacks. Author Christoph Delp explains the rules and ceremonial procedures unique to Muay Thai competition, demonstrates historical and modern techniques, provides training tips, and details the benefits of training in Thailand--experiencing the art in its country of origin.

The primary focus of *Muay Thai Counter Techniques* is on counter-tactics, or techniques used to counter an attack from one's opponent. Muay Thai is a martial art with a variety of impressive techniques; every attack technique can be countered with a large number of variants. No two fighters will react to an attack in the same way, because while most Muay Thai fighters learn the same basic techniques (as presented in Delp's earlier book *Muay Thai Basics*), each fighter will go on to learn a wide variety of secondary techniques and will adapt them to his or her individual fighting style. This edition includes new full-color photographs throughout in which many well-known Thai boxers--including champions like Saiyok Pumphanmuang, Kem Sitsongpeenong, and many others--demonstrate the most important techniques for competitive success. Suitable for Thai boxers as well as mixed martial arts (MMA) fighters, *Muay Thai Counter Techniques* is a useful addition to the library of anyone seeking to add more techniques into their repertoire and take their training to the next level.

From the Trade Paperback edition.
