Game Boys: Triumph, Heartbreak, and the Quest for Cash in the Battleground of Competitive Videogaming Michael Kane

A year inside the fierce rivalries and big business of competitive videogaming

A technology-fueled spin on a classic sports tale, *Game Boys* profiles "cyber-athletes" who compete for dominance in the professional gaming circuit, a world populated with rivalries, big egos, corporate sponsorships, and large cash prizes. Michael Kane's pioneering account of the lifestyle and business of gaming takes readers to the heart of "e-sports," what many consider the successor in sports entertainment to the X-games and competitive poker. Following the top teams-3D and CompLexity, a rivalry as bitter as the Yankees versus the Red Sox-Kane profiles the star players as they cheat, strategize, sign with rival teams, and get berated by sideline-pacing coaches. Are gamers really the athletes of tomorrow? They act like they are. A lively tour of the quirks and dramas of a subculture on the cusp of big things, *Game Boys* is a tale of sports glory and a glimpse into the lucrative business of gaming.
