Bradley's Neurology in Clinical Practice Robert B. Daroff, Joseph Jankovic, John C Mazziotta, Scott L Pomeroy

Comprehensive, easy to read, and clinically relevant, *Bradley's Neurology in Clinical Practice* provides the most up-to-date information presented by a veritable "Who's Who" of clinical neuroscience. Its unique organization allows users to access content both by presenting symptom/sign and by specific disease entities—mirroring the way neurologists practice. A practical, straightforward style; templated organization; evidence-based references; and robust interactive content combine to make this an ideal, dynamic resource for both practicing neurologists and trainees.

- **Authoritative, up-to-date guidance** from Drs. Daroff, Jankovic, Mazziotta, and Pomeroy along with more than 150 expert contributors equips you to effectively diagnose and manage the full range of neurological disorders.
- **True-to-life view** of how neurological disorders manifest through **detailed videos** covering EEG and seizures, deep brain stimulation for PD and tremor, sleep disorders, movement disorders, ocular oscillations, EMG evaluation, cranial neuropathies, disorders of upper and lower motor neurons, as well as other neurologic signs.
- **Easy searches** through an **intuitive organization** by both symptom and grouping of diseases mirrors the way you practice.
- **The latest advances** in clinical neurogenetics, brain perfusion techniques for cerebrovascular disease, the relationship between neurotrauma and neurodegenerative disease, management strategies for levodopa-related complications in movement disorders, progressive neuropsychiatric disorders arising from autoimmune encephalitis, and more keep you at the forefront of your field.
- **Reorganized table of contents** which includes **new chapters** on: Brain Death, Vegetative, and Minimally Conscious States; Deep Brain Stimulation; Sexual Dysfunction in Degenerative and Spinal Cord Disorders; Sports and Performance Concussion; Effects of Drug Abuse on the Nervous System; and Mechanisms of Neurodegenerative Disorders.

From reader reviews:

Ronda Caesar:

Have you spare time for any day? What do you do when you have considerably more or little spare time? Sure, you can choose the suitable activity regarding spend your time. Any person spent their own spare time to take a walk, shopping, or went to the particular Mall. How about open as well as read a book titled Bradley's Neurology in Clinical Practice? Maybe it is to get best activity for you. You understand beside you can spend your time along with your favorite's book, you can better than before. Do you agree with their opinion or you have other opinion?

Edward Vogler:

Nowadays reading books are more than want or need but also become a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge your information inside the book in which improve your knowledge and information. The info you get based on what kind of guide you read, if you want attract knowledge just go with schooling books but if you want truly feel happy read one having theme for entertaining like comic or novel. Typically the Bradley's Neurology in Clinical Practice is kind of publication which is giving the reader erratic experience.

William McDowell:

Your reading 6th sense will not betray you, why because this Bradley's Neurology in Clinical Practice e-book written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written within good manner for you, dripping every ideas and writing skill only for eliminate your current hunger then you still doubt Bradley's Neurology in Clinical Practice as good book not only by the cover but also with the content. This is one publication that can break don't ascertain book by its handle, so do you still needing yet another sixth sense to pick that!?. Oh come on your looking at sixth sense already said so why you have to listening to yet another sixth sense.

Gary Lund:

This Bradley's Neurology in Clinical Practice is great e-book for you because the content which is full of information for you who else always deal with world and also have to make decision every minute. This particular book reveal it information accurately using great manage word or we can claim no rambling sentences within it. So if you are read this hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with attractive delivering sentences. Having Bradley's Neurology in Clinical Practice in your hand like getting the world in your arm, facts in it is not ridiculous one. We can say that no publication that offer you world within ten or fifteen moment right but this reserve already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. stressful do you still doubt which?
