Aleisha Knight wasn't born with a silver spoon in her mouth: life for the cocktail bar waitress hasn't been easy but she holds her own, **she's strong-willed, sassy and determined** to make a name for herself as a fashion designer.

Now Aleisha finds herself at the lowest point yet: **single, broke, and homeless**. She could really do with some extra cash and when **the handsome stranger she meets has a top-secret job offer for her**, she's tempted to learn more.

**She doesn't believe in fairy tales... and she definitely doesn't believe that a womanising billionaire could be the man of her dreams.**

Car magnate William Doncaster comes from money: **he's handsome, charming and arrogant — and also an heir to one of the biggest fortunes in the world**. Since he never had to work for anything in his life, he's always resorted to shortcuts, but this time he's stepped out of line and **he's set to lose his inheritance if he doesn't get his act together quick**.

When Aleisha and William cross paths **he devises a plan that would change both of their lives forever**. Little do either of them know that the more time they spend together, the more they learn that they are not as different as they first thought... *When does pretending to be in love become actually being in love?*

**The entitled playboy might just change for the better if he wants to have a real chance at love with a beautiful and real woman.**

Find out in this approximately 100-page fun, original novella. This is Part One of a serial, and all books in the series can be read as standalones.

**Don't forget: they're all free to borrow with Kindle Unlimited!**
