The Kentucky Cycle Robert Schenkkan

In this series of nine short plays, Pulitzer Prize-winning playwright Robert Schenkkan has created a mesmerizing epic saga of rural Kentucky and an unblinking look at the truth behind our American mythology. Spanning two centuries and seven generations, this is the story of three families whose lives are irrevocably intertwined. From the darker realities of our pioneer heritage to the bloody lessons of the Civil War, from the inspiring battles between Union coal miners and deal-making management to the harsh environmental legacy of strip-mining, this fascinating work chronicles the lives of people who use any means possible to carve out a better place for themselves in an often brutal, unpredictable world. A remarkable theatrical event, *The Kentucky Cycle* is a compelling and unsentimental look at the men and women who founded this country and a powerful allegory for our times.
