Futuro perfecto. Sobre el progreso en la era de las redes (Noema) (Spanish Edition) Steven Johnson

Abrir este libro es aceptar una invitación a pensar sobre el presente: qué es realmente el progreso, qué es realmente “ir a mejor”, qué razones hay para el optimismo o para la desesperación.

Seguir leyendo le llevará a reflexionar sobre el futuro que se está ya construyendo a través de las nuevas redes del siglo XXI: internet, los nuevos medios y las plataformas abiertas. ¿Adónde nos llevan esas “redes creativas”? ¿En qué van a mejorar o a complicar nuestra vida? ¿Vamos hacia el individualismo más radical, o seremos capaces de compartir en vez de competir?

Si cree que el presente es imperfecto y del futuro ya no sabe ni qué pensar, lea este libro: habla de redes, de ciudadanos, de política y de movimientos de progreso. Pero sobre todo, habla de usted.
