Intergalactic travelers had their *Hitchhiker's Guide to the Galaxy*. Evolutionists had *Darwin's The Origin of Species*. And now Mainers can have their very own manual for the good life in Maine. Styled around the *Dangerous Book for Boys*, *The Wicked Good Book* is a pithy, nostalgic, practical, and irreverent guide to getting the most out of living in the Pine Tree State. It includes helpful tips on everything from outsmarting blackfly attacks to living to tell about a moose attack. Also included are the necessary quotes that all lovers of Maine should know by heart; important historical moments; essential gear to wear in the woods, in the Old Port, and at bedtime. Plus, limericks to amuse; hunting tips on how to bag the bird or deer; a guide to the Mine sky; the 7 Wonders of Maine; the correct way to chop a tree' how to prepare for a Maine winter like it might be your last; identification of native flora and fauna; and more. A blend of hearty survival skills with everyday common sense and a fair amount of humor provides for the Uber-Maine experience.
