The list of names featured in the book will bring back many great memories. As well as focusing on the individual, the chapters seek to tell the story of the season - be it one of delight or disaster - in an attempt to put the Player of the Year's contribution into context.

Most of the Players of the Year have been tracked down and interviewed specifically for this book. Where individuals were impossible to locate then their contemporaries have remembered them or I have researched their thoughts of the time from programme interviews that they did with me. What was consistent in the recollections of all the players spoken to was how much being Player of the Year meant to them. Once the boots are hung up for the final time, regardless of whether the player has a cupboard full of medals and caps or none, if they have been Player of the Year it shows how much the fans have appreciated their efforts.
