Einstein's Gift Vern Thiessen

Einstein's Gift follows the life and work of Nobel laureate Dr. Fritz Haber, a man who risked everything for a country that never accepted him. Haber, a chemist who worked hard to enhance life, discovered too late that when his knowledge was put in the hands of the wrong people, millions would die and that his efforts to serve humanity were futile against political will, nationalism, and war. This updated edition of Vern Thiessen's compelling play about the collision of power and pride still resonates with verve and vigour.
