## **Lost English: Words And Phrases That Have Vanished From Our Language** Chris Roberts

In the last thirty years, a large number of once commonplace words, phrases and expressions have disappeared without trace from common usage. And with them, too, have gone a number of goods, services and everyday objects that were once an important part of our everyday lives. Where did they go and why? "Lost English" takes a look at how our language changes and explores the influence of other cultures on our own.

It includes such entries as: 'Charlie's Dead' - a euphemism used to tell a girl that her petticoat is showing; 'dekkko' - take a quick look or glance; 'brilliantine' - men's hair dressing product; and 'Nippy' - the name given to waitresses in Lyons Corner Houses. "Lost English" illuminates all these terms and much more. It's a fantastic read for those interested in history and the English language and a fascinating look at times past.
