The Five Little Pigs Kellen Vance

The Five Little Pigs is a spinoff of the popular children's story, The Three Little Pigs. There is a wolf, of course, who is determined to catch and eat the five little pigs. And there are five little piggies who are just as determined not to be the wolf's dinner. This book is an original story from the creative mind of Kellen Vance. It is not a sequel to his previous book, The Four Little Pigs, but is rather a new and novel take on an old theme: evil trying to triumph over good. Who will win in the end, the wolf or the pigs?
