The Holy Vote Ray Suarez

Not since the Civil War has the United States been so polarized, politically and ideologically. At the heart of this fracture is a fascinating, paradoxical marriage between our country's politics and religions.

In *The Holy Vote*, Ray Suarez explores the advent of this polarization and how it is profoundly changing the way we live our lives. With hands-on reporting, Suarez explores the attitudes and beliefs of the people behind the voting numbers and how the political divide is manifesting itself across the country. The reader will come to a greater understanding of what Americans believe, and how this belief structure fuels the debates that dominate the issues on our evening news broadcasts.
