The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times

The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times

This book examines the lives and times of Japan's postwar prime ministers, covering the period from 1945 to 1995. Written by Japan's leading scholars, it is the first English-language biographical portrait of these twenty-three individuals who helped lead Japan on its road to recovery, its return to the community of nations, and its subsequent prosperity. Each chapter brings out, to varying degrees, the larger political and historical environment, party dynamics, and personality traits of the prime ministers. In addition, the book discusses not only the policy choices the prime ministers made, but how those decisions were made and what the consequences were for the country, ruling party, and the individual who made them. *The Prime Ministers of Postwar Japan, 1945–1995* fills a large void in the literature on postwar Japan by introducing the actual people who made the decisions during these important years, rather than simply discussing the theories and institutions in which those decisions were made.

From reader reviews:

Charles Cushman:

Playing with family within a park, coming to see the coastal world or hanging out with pals is thing that usually you could have done when you have spare time, and then why you don't try point that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times, you can enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh can happen its mind hangout men. What? Still don't obtain it, oh come on its known as reading friends.

Chester Grantham:

This The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times is great publication for you because the content that is full of information for you who also always deal with world and possess to make decision every minute. This particular book reveal it facts accurately using great organize word or we can point out no rambling sentences included. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tough core information with beautiful delivering sentences. Having The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times in your hand like finding the world in your arm, details in it is not ridiculous 1. We can say that no publication that offer you world in ten or fifteen moment right but this reserve already do that. So , this is good reading book. Hello Mr. and Mrs. active do you still doubt this?

Omar Lamm:

Is it you who having spare time then spend it whole day simply by watching television programs or just laying on the bed? Do you need something totally new? This The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times can be the answer, oh how comes? It's a book you know. You are consequently out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?

Michael Ogden:

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's soul or real their interest. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Prime Ministers of Postwar Japan, 1945-1995: Their Lives and Times can make you really feel more interested to read.
