The Lorax (Classic Seuss) Dr. Seuss

Long before "going green" was mainstream, Dr. Seuss's Lorax spoke for the trees and warned of the dangers of disrespecting the environment. In this cautionary rhyming tale we learn of the Once-ler, who came across a valley of Truffula Trees and Brown Bar-ba-loots, and how his harvesting of the tufted trees changed the landscape forever. With the release of the blockbuster film version, the Lorax and his classic tale have educated a new generation of young readers not only about the importance of seeing the beauty in the world around us, but also about our responsibility to protect it.
