*Ernest Gellner*

**Contemporary Thought and Politics: 002 (Selected Philosophical Themes, Volume II)** Ernest Gellner  
Gellner's political philosophy in these volumes combines the down-to-earth realism of political sociology with a rational treatment of the normative issues of traditional political thought. In these essays Gellner strives to understand the religions of nationalism, communism and democracy, returning again and again to the basic values of the liberal: social tolerance, rational criticism, human decency and justice.
