My Backwards Life Cindi Myers

"In high school, I could drive backwards better than anyone. And I've been going about living in reverse ever since. While other women were going to college, finding careers, marrying and having babies, I dropped out of college, had a baby, got married, got divorced and got a job. "So now, at the age of thirty-five, I've decided to finish that diploma...."

But is this the new perspective Grace Greenleigh was hoping for? Now she's dealing with homework, experimenting with clothes and—God forbid—dating...alongside her teenage daughter! Not quite the white-picket-fence world she'd always wanted. Then again, maybe it's time to see what life has to offer her beyond that very fence.
