Joshua Derman

Max Weber in Politics and Social Thought (Ideas in Context) Joshua Derman

Max Weber is widely regarded as one of the foundational thinkers of the twentieth century. But how did this reclusive German scholar manage to leave such an indelible mark on modern political and social thought? *Max Weber in Politics and Social Thought* is the first comprehensive account of Weber's wide-ranging impact on both German and American intellectuals. Drawing on a wide range of sources, Joshua Derman illuminates what Weber meant to contemporaries in the Weimar Republic and Nazi Germany and analyzes why they reached for his concepts to articulate such widely divergent understandings of modern life. The book also accounts for the transformations that Weber's concepts underwent at the hands of émigré and American scholars, and in doing so, elucidates one of the major intellectual movements of the mid-twentieth century: the transatlantic migration of German thought.
