## Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation Jian Bi

Sensory testing and measurement are the main functions of sensory analysis. In recent years, the sensory and consumer field has evolved to include both difference testing and similarity testing, and new sensory discrimination methods such as the tetrads have received more attention in the literature.

This second edition of *Sensory Discrimination Tests and Measurements* is updated throughout and responds to these changes and includes:

- A wide range of sensory measurements:
  - Measurements of sensory effect ( $d'$ , R-index and Gini-index);
  - Measurements of performance of trained sensory panel (Intraclass correlation coefficients and Cronbach's coefficient alpha);
  - Measurements of relative importance of correlated sensory and consumer attributes (drivers of consumer liking or purchase intent);
  - Measurements of consumer emotions and psychographics;
  - Measurements of time-intensity;
  - Measurements of sensory thresholds;
  - Measurements of sensory risk with negative sensory effects (Benchmark Dose, BMD, methodology)
  - Measurements of sensory shelf life (SSL).
- A balanced introduction of sensory discrimination tests including difference tests and similarity tests.
- Bayesian approach to sensory discrimination tests.
- Modified and multiple-sample discrimination tests.
- Replicated discrimination tests using the beta-binomial (BB), corrected beta-binomial (CBB), and Dirichlet-multinomial (DM) models.
- Sensory discrimination methods including the tetrads and the  $M+N$ .
- R and S-Plus codes for all the measurements and tests introduced in the book.

Mainly intended for researchers and practitioners in the sensory and consumer field, the book is a useful reference for modern sensory analysis and consumer research, especially for sensometrics.

### **From reader reviews:**

#### **Michael Proctor:**

Hey guys, do you would like to finds a new book to read? May be the book with the headline Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation suitable to you? The actual book was written by popular writer in this era. The book untitled Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation is a single of several books which everyone read now. This kind of book was inspired a lot of people in the world. When you read this guide you will enter the new way of measuring that you ever know just before. The author explained their strategy in the simple way, and so all of people can easily to understand the core of this guide. This book will give you a wide range of information about this world now. So that you can see the represented of the world within this book.

#### **Jacqueline Bull:**

As we know that book is essential thing to add our know-how for everything. By a guide we can know everything you want. A book is a list of written, printed, illustrated as well as blank sheet. Every year ended up being exactly added. This guide Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation was filled in relation to science. Spend your time to add your knowledge about your scientific research competence. Some people has diverse feel when they reading some sort of book. If you know how big benefit of a book, you can sense enjoy to read a guide. In the modern era like today, many ways to get book you wanted.

#### **Rebecca Kurtz:**

Do you like reading a book? Confuse to looking for your chosen book? Or your book seemed to be rare? Why so many issue for the book? But almost any people feel that they enjoy to get reading. Some people likes looking at, not only science book but novel and Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation or perhaps others sources were given know-how for you. After you know how the good a book, you feel wish to read more and more. Science book was created for teacher or students especially. Those textbooks are helping them to bring their knowledge. In some other case, beside science guide, any other book likes Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation to make your spare time much more colorful. Many types of book like this one.

#### **Luther Ritenour:**

A lot of guide has printed but it differs. You can get it by internet on social media. You can choose the very best book for you, science, comedian, novel, or whatever by means of searching from it. It is identified as of book Sensory Discrimination Tests and Measurements: Sensometrics in Sensory Evaluation. Contain your knowledge by it. Without leaving the printed book, it could possibly add your knowledge and make a person happier to read. It is most essential that, you must aware about e-book. It can bring you from one destination to other place.
