- Can be used in all settings and gatherings
- Engages children with multiple learning styles using a familiar medium—LEGO® bricks

Building Faith Brick by Brick offers a culturally relevant, hands-on way to explore faith stories with a broad range of ages. It grew out of one congregation's realization that there was a large group of first-grade boys who needed to engage in a new way of interacting with the biblical story. Knowing how much Lego® bricks continue to be popular with children, the author dug deep into the well of creativity and an enormous bin of little plastic building bricks to meld together a new way of teaching the stories of God.

This book offers the methodology as well as 30 Old Testament and 24 New Testament stories with lesson plans.

For Christian educators, Christian schools, vacation Bible schools, parents, grandparents, godparents—anyone who desires to engage in sharing faith and biblical stories in any setting.
