## Neuropsicología: - (Spanish Edition) Roger Gil

- Esta 4.<sup>a</sup> edición de *Neuropsicología*, conocido manual de carácter didáctico y práctico que cubre todas las necesidades docentes de la especialidad, forma parte de la colección 'Abrégés de médecine' editada por Masson Francia.
- La obra pone a disposición del lector los conocimientos fundamentales anatómicos y fisiológicos del cerebro. Para ello, se presentan los principales trastornos cognitivos, emocionales, de conducta y de la personalidad provocados por las lesiones cerebrales.
- La nueva edición aporta importantes actualizaciones. Por un lado, se lleva a cabo una completa actualización de la neuropsicología de las demencias -presentando en particular la clasificación de las demencias mediante un sistema de recuadros- así como nuevas actualizaciones en la neuropsicología de las afecciones de la desmielinación. Por otro lado, se incluye un nuevo capítulo dedicado en su totalidad a la neuropsicología de la cognición social.
- El libro está principalmente dirigido a estudiantes de psicología, logopedia y terapia ocupacional así como a residentes en neurología, psiquiatría, geriatría y rehabilitación. De gran utilidad también para todos los especialistas de estos campos.

### From reader reviews:

#### **George Clark:**

As people who live in typically the modest era should be upgrade about what going on or info even knowledge to make them keep up with the era that is certainly always change and progress. Some of you maybe will probably update themselves by looking at books. It is a good choice for you personally but the problems coming to an individual is you don't know which you should start with. This Neuropsicología: - (Spanish Edition) is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and wish in this era.

#### **Mary Tiller:**

On this era which is the greater individual or who has ability in doing something more are more treasured than other. Do you want to become considered one of it? It is just simple approach to have that. What you need to do is just spending your time very little but quite enough to possess a look at some books. On the list of books in the top collection in your reading list is usually Neuropsicología: - (Spanish Edition). This book and that is qualified as The Hungry Hills can get you closer in turning into precious person. By looking up and review this e-book you can get many advantages.

#### **Florence Davis:**

As a university student exactly feel bored to reading. If their teacher expected them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Neuropsicología: - (Spanish Edition) can make you experience more interested to read.

#### **Jennifer Mitchell:**

Reading a guide make you to get more knowledge from it. You can take knowledge and information originating from a book. Book is composed or printed or outlined from each source this filled update of news. In this particular modern era like at this point, many ways to get information are available for anyone. From media social including newspaper, magazines, science publication, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just trying to find the Neuropsicología: - (Spanish Edition) when you required it?
