How to keep your relationship alive and interesting. Sex is not something people discuss much in New Zealand. We don't often hear conversations about what couples are doing to keep their relationship strong and alive. We often hear complaints about partners' inadequacies or announcements of relationships ending. There is no one right way to build a healthy, happy sexual relationship. It's a living ongoing process that takes place through many interactions and conversations over time as you learn to know each other and how to be together. This book by a clinical psychologist is designed as a manual to guide you through a process. Each of the brief chapters will not take long to read. They're designed as conversation starters to provide information about the many aspects of building a lasting, happy sexual relationship. At the end of each chapter are some discussion points and a case study to illustrate the issue under consideration.
