*Ben Witherington III*

## **What's in the Word** Ben Witherington III

Written in clear, and at times colorful, prose, Ben Witherington's *What's in the Word* explains how the recognition of the oral and socio-rhetorical character of the New Testament and its environment necessitates a change in how the New Testament literature is read. Expanding on the work in which he has been fruitfully engaged for over a quarter century, Witherington challenges the previously assured results of historical criticism and demonstrates chapter by chapter how the socio-rhetorical study shifts the paradigm.

Taken together, the chapters in *What's in the Word* coalesce around three of Witherington's ongoing academic concerns: orality and rhetoric; New Testament history, including issues of authenticity and canonicity; and the exegesis of given words in their canonical and socio-cultural contexts. Always unpredictable, this book never fails to pique interest and proffer instruction.

#### **Frances Pierce:**

Your reading 6th sense will not betray you actually, why because this What's in the Word e-book written by well-known writer who really knows well how to make book that may be understand by anyone who also read the book. Written within good manner for you, leaking every ideas and writing skill only for eliminate your personal hunger then you still question What's in the Word as good book not only by the cover but also by the content. This is one reserve that can break don't determine book by its deal with, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your reading through sixth sense already told you so why you have to listening to another sixth sense.

#### **Vickie Gilbert:**

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this What's in the Word can make you sense more interested to read.
