Oscar: An Accident Waiting to Happen is the all-exclusive inside story of ex-girlfriend Samantha Taylor's tumultuous romantic relationship with the gold-medal athlete which turned into every mother's nightmare.

Told through the eyes of Sam's mother, Patricia Taylor, it tracks the heady days of young romance when 24-year-old Pistorius met her 17-year-old daughter, Sam, and became part of the Taylor family's close circle. The next two-and-a-half years would become a rollercoaster ride of extreme highs and dangerous lows as Pistorius's growing international celebrity, emotional fragility, broken promises and recklessness consumed the Taylor family.

Brilliantly researched with never before published behind-the-scenes detail, set against the killing that shocked the world, if you only read one book this year, read this one.
