The Brave New World of Work

Ulrich Beck

The Brave New World of Work Ulrich Beck

In this important book, Ulrich Beck - one of the leading social thinkers in Europe today - examines how work has become unstable in the modern world and presents a new vision for the future. Beck begins by describing how the traditional work society, with its life-long job paths, is giving way to a much less stable world in which skills can be suddenly devalued, jobs obliterated, welfare cover reduced or eliminated. The West would appear to be heading towards a social structure of ambiguity and multiple activity that has hitherto been more characteristic of the developing world. But what appears to be the end of traditional working practices can also be seen as an opportunity to develop new ideas and models for work in the twenty-first century.

Beck's alternative vision is centred on the concept of active citizens democratically organized in local, and increasingly also regional or transnational, networks. Against the threat of social exclusion, everyone can and must have a right to be included in a new definition and distribution of work. This will involve constant movement between formal employment (with a major reduction in working hours) and forms of self-organized artistic, cultural and political 'civil labour', providing equal access to comprehensive social protection. The aim must be to turn insecurity around, so that it becomes a positive and enriching discontinuity of life.

Drawing on his earlier work on risk and reflexive modernization, *The Brave New World of Work* is also closely linked to his studies on globalization and individualization. These processes are part of the same challenge upon which a politics of modernity must now base itself. Not only the future of work, but also the very survival of democracy and the welfare state will depend on the development of a newly committed and 'multi-active' transnational citizenship.

This book will be of great interest to second- and third-year students in sociology, politics, geography and the social sciences generally. It will also appeal to a broader audience interested in the issues and debates surrounding the changing nature of work.

From reader reviews:

Joseph Cash:

Nowadays reading books become more than want or need but also work as a life style. This reading practice give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The details you get based on what kind of reserve you read, if you want get more knowledge just go with training books but if you want really feel happy read one having theme for entertaining for example comic or novel. The The Brave New World of Work is kind of guide which is giving the reader unforeseen experience.

Tony Hill:

This The Brave New World of Work are usually reliable for you who want to be considered a successful person, why. The main reason of this The Brave New World of Work can be one of many great books you must have is definitely giving you more than just simple looking at food but feed an individual with information that probably will shock your before knowledge. This book will be handy, you can bring it just about everywhere and whenever your conditions throughout the e-book and printed versions. Beside that this The Brave New World of Work giving you an enormous of experience for instance rich vocabulary, giving you trial run of critical thinking that we understand it useful in your day exercise. So , let's have it and luxuriate in reading.

Kevin Applegate:

Your reading 6th sense will not betray an individual, why because this The Brave New World of Work guide written by well-known writer whose to say well how to make book which can be understand by anyone who all read the book. Written in good manner for you, leaking every ideas and producing skill only for eliminate your current hunger then you still skepticism The Brave New World of Work as good book not just by the cover but also from the content. This is one guide that can break don't evaluate book by its cover, so do you still needing a different sixth sense to pick this!?! Oh come on your reading sixth sense already said so why you have to listening to an additional sixth sense.

Mary Tobin:

This The Brave New World of Work is great guide for you because the content that is certainly full of information for you who always deal with world and have to make decision every minute. This specific book reveal it data accurately using great coordinate word or we can state no rambling sentences included. So if you are read the idea hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but difficult core information with splendid delivering sentences. Having The Brave New World of Work in your hand like finding the world in your arm, facts in it is not ridiculous just one. We can say that no book that offer you world throughout ten or fifteen second right but this reserve already do that. So , this can be good reading book. Heya Mr. and Mrs. hectic do you still doubt which?
